2025 Top 1,000 AU & NZ Companies

IBISWorld's Top 1,000 Companies List provides a comprehensive ranking of the leading companies across Australia and New Zealand by revenue. The rankings leverage the latest company data and research to provide you with valuable insights into the current state of the economy and its largest players. The list includes public companies, partnerships, associations and private companies. To compile the list, IBISWorld gathered data through primary research, ASIC-lodged company reports and its own appraisals of company revenue based on historic data and industry analysis.

NOTE: Information presented in this list is representative of data either publicly available or directly sources from respective companies. IBISWorld does not audit or perform due diligence on companies features on this list. Prior-year figures may be restated due to the availability of updated information or upon request.

List Criteria

This list includes both Australian and New Zealand companies covering both the public and the private sector. Charitable entities and government bodies have been excluded.

Currency

All amounts are in Australian dollars. Figures for New Zealand companies and for companies reporting in USD have had the current and previous financial data converted to AUD using the exchange rate at the latest balance date. Exchange rate fluctuations have been eliminated from the data to reflect true business growth. This may mean figures used this year may not correspond to data in last year's list.

Industry Categories

Industry sectors are based on the Australian and New Zealand Standard Industry Classification (ANZSIC) coding system defined by the Australian Bureau of Statistics.

Foreign-Owned Companies

All foreign-owned companies are represented only by their Australian-incorporated and New Zealand-incorporated operations and subsidiaries in the Asia Pacific region.

Total Revenue

Sales plus other revenue. Revenue from discontinued operations are excluded.

Sector-Specific Revenue Definitions:

- Advertising: income
